MS Amadeus Queen

The Amadeus Queen sails along on the Danube, Rhine and Main rivers as well as the Dutch and Belgian Waterways. Similar to its prominent predecessors, this ship continues our orientation to high quality river cruises in Europe. This new vessel follows the award-winning model of the AMADEUS Silver ships but offers even further innovative developments. The popular concept of spaciousness has been maintained. This includes not only generous public areas but also spacious cabins: 12 large suites impress with an outdoor balcony and a cozy reading corner whilst the 69 standard cabins mainly have panoramic window fronts which can be automatically lowered and luxurious bathrooms. A new on-board highlight is the indoor pool, the roof of which can be opened in fine weather. In the evenings, this area may also be used for informative talks, functions and cinema showings.
